

*The Connecticut Technology Council (CTC) and Marcum LLP announced Kyber Security as the Tech Top 40 (TT40) fastest growing IT services company in Connecticut.*

**Fairfield, CT November 20, 2019** – The Connecticut Technology Council and Marcum LLP revealed that Kyber Security is amongst the Top 40 Fastest Growing Technology Companies in CT and has the greatest percentage growth in the IT services sector. In addition to the overall Marcum Tech Top 40, this year Marcum recognized top technology leaders in six industry sectors, with one winner in each category. Sectors include Advanced Manufacturing, Energy/Environmental, Life Sciences, New Media/Internet/Telecom, IT Services, and Software. Kyber Security is recognized as category winner for the IT services sector.

“Two years ago we premiered on the Marcum Tech Top 40 and we were happy to be recognized once again. We are extremely honored to be awarded as category winner in the IT services sector for our success of growth. Amazing job to the Kyberian team and endless thanks to our clients, partners, and friends who allow us to continue this success. I am very proud of the company we are building together!” Lynn Souza, CEO of Kyber Security announced on Wednesday.

Overall, twenty finalists are publicly traded companies and 14 have annual revenues in excess of \$1 billion. Geographically, Fairfield County is home to 18 winners, followed by Hartford County with 10 and New Haven County with nine. New London, Middlesex, and Windham Counties each have one Tech Top 40 company this year. A complete list of finalists is available at [www.ct.org](http://www.ct.org).

“It has been a privilege to sponsor the Marcum Tech Top 40 awards for the past dozen years. We have seen some remarkable companies emerge from the Connecticut tech sector, most especially this year, and look forward to celebrating their achievements when the winners are announced next month,” said Michael K. Brooder, CPA, Marcum’s office managing partner in Hartford.

### ***Methodology***

Tech Top 40 companies are both privately and publicly held and have at least \$3 million in annual revenue and a demonstrated record of revenue growth in each of the preceding four years. More than 400 Connecticut technology companies have been awarded since 2008.

### ***About Kyber Security***

Kyber Security is a Managed Security Services Provider (MSSP) that is dedicated to protecting small and medium sized organizations from ever increasing cyber threats. As small organizations continue to be the biggest targets for cyber criminals, Kyber has taken enterprise grade cybersecurity programs and technologies and tailored them specifically for the SMB space. Their managed security services can be customized to fit any company’s unique cybersecurity needs, budget and compliance requirements. Kyber is focused on making sure businesses are protected from, and prepared for, their next big cyberattack. [www.kybersecure.com](http://www.kybersecure.com).

### ***About Marcum LLP.***

Marcum LLP is one of the largest independent public accounting and advisory services firms in the nation, with offices in major business markets throughout the U.S., Grand Cayman and China. Headquartered in
