

Kyber Security Honored in Inc. Magazine Annual List of America's Fastest-Growing Private Companies: The Inc. 5000

For the Fourth Consecutive Time, Kyber Security Appears on the Inc. 5000 List, Ranking No. 4973 With 55% Percent Growth.

New York, August 14, 2020 – Inc. magazine revealed that Kyber Security is No. 4973 on its annual Inc. 5000 list, the most prestigious ranking of the nation's fastest-growing private companies. The list represents a unique look at the most successful companies within the American economy's most dynamic segment—its independent small businesses. Microsoft, Dell, Domino's Pizza, Pandora, Timberland, LinkedIn, Yelp, Zillow, and many other well-known names gained their first national exposure as honorees on the Inc. 5000.

"Three years ago, we first premiered on the Inc. 5000 list. This year, celebrate our continued growth as another year of being honored on the list. Amazing job to the Kyberian team and endless thanks to our clients, partners, and friends who allow us to continue this success. I am very proud of the company we are building together!" Lynn Souza, CEO of Kyber Security announced on Friday morning.

This year, Kyber Security is ranked as the third fastest growing IT Management Provider in Connecticut and the only cybersecurity focused MSP. Kyber has shown tremendous growth in the SMB space. Their goal to protect small and medium sized organizations from cyber attacks has had a positive impact on their clients' success. They continue to make strides in cybersecurity and will continue to grow.

Not only have the companies on the 2020 Inc. 5000 been very competitive within their markets, but the list as a whole shows staggering growth compared with prior lists as well. The 2020 Inc. 5000 achieved an incredible three-year average growth of over 500 percent, and a median rate of 165 percent. The Inc. 5000's aggregate revenue was \$209 billion in 2019, accounting for over 1 million jobs over the past three years.

Complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found at www.inc.com/inc5000.

"The companies on this year's Inc. 5000 come from nearly every realm of business," says Inc. editor-in-chief Scott Omelianuk. "From health and software to media and hospitality, the 2020 list proves that no matter the sector, incredible growth is based on the foundations of tenacity and opportunism."

Methodology

The 2020 Inc. 5000 is ranked according to percentage revenue growth when comparing 2016 and 2019. To qualify, companies must have been founded and generating revenue by March 31, 2016. They had to be U.S.-based, privately held, for profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2019. (Since then, a number of companies on the list have gone public or been acquired.) The minimum revenue required for 2016 is \$100,000; the minimum for 2019 is \$2 million. As always, Inc. reserves the right to decline applicants for subjective reasons. Companies on the Inc. 500 are featured in Inc.'s September issue. They represent the top tier of the Inc. 5000, which can be found at <http://www.inc.com/inc5000>.
